

**Fort Smith
Potential Outages
July 14-18, 2011**

NTPC will be doing maintenance work and upgrading equipment in Fort Smith starting on Thursday July 14 until Monday July 18, 2011.

All work will be done during the night shift. As a result, there is a medium of an outage occurring between 6pm and 6am during this period.

This work is required to give a more reliable supply of power to our customers.

We thank you for your cooperation and apologize for any inconvenience.
